Educational Content

Build authority, earn trust, and attract followers who see you as the expert before they ever buy.

1	CAROUSEL	**"Stop doing THIS in your bench press (5 form fixes)"** Slide 1: hook image showing common mistake. Slides 2–6: each fix with cue + why it matters. Slide 7: CTA. #benchpress #formcheck #strengthtraining #personaltrainer #liftingtips
2	REEL	**"The #1 myth about soreness that's killing your progress"** 30–45 sec. Bust "no pain no gain" myth. Explain DOMS vs productive training stress. End with your training philosophy. #fitnessmyths #musclesoreness #DOMS #fitnesscoach #gymtips
3	CAROUSEL	**"Squat vs. Leg Press — which one is actually better?"** Slide-by-slide comparison: biomechanics, muscle recruitment, use cases. Position: "both, here's how to program them." #squat #legpress #legday #trainingscience #personaltrainer
4	REEL	**"3 exercises you're probably doing wrong (and how to fix them)"** Show wrong form vs right form for 3 moves. Keep under 60 sec. Fast-paced, text overlay on screen. #formcheck #gym #personaltrainer #exercisetips #workouttips
5	STATIC	**"RPE 7 vs RPE 9 — what's actually the difference?"** Simple graphic comparing RPE levels. Caption explains why training at RPE 7–8 drives better long-term results than always going to failure. #RPE #trainingload #progressiveoverload #strengthcoach #periodization
6	CAROUSEL	**"7 signs you need a deload week (and how to do it right)"** One sign per slide. Final slide: deload protocol (cut volume 40–50%, keep intensity). Shows expertise in periodization. #deload #recovery #periodization #strengthtraining #personaltrainer
7	REEL	**"Cable row vs barbell row — which builds more back?"** Side-by-side comparison. Mention stretch position, load, and use case for each. End: "do both — here's when." #backday #pullday #backworkout #exercisescience #musclebuilding
8	CAROUSEL	**"Progressive overload explained in 6 slides (beginner-friendly)"** What it is → why it matters → 6 ways to apply it → common mistakes → tracking method. Highly shareable education piece. #progressiveoverload #fitnesseducation #beginnerlifting #gym #gainz
9	STATIC	**"The 4 movement patterns every program needs"** Clean graphic: Push / Pull / Hinge / Squat with 2 examples each. "If your program is missing any of these, DM me" as CTA. #movementpatterns #programdesign #functionaltraining #strengthcoach #fitness
10	CAROUSEL	**"Why your clients plateau after 3 months (and how to fix it)"** Explains adaptation, periodization, and variation. Positions you as the solution. Great for attracting new clients who've hit walls. #plateau #musclebuilding #fitnesscoach #programdesign #personaltrainer

Engagement Content

Drive comments, shares, and saves. Build a community that shows up every week — not just passive scrollers.

11	STORY	**"Poll: Do you track your sets and reps? Yes / No"** Follow up: DM the "No" voters your free template. Builds conversation, surfaces warm leads, shows investment in their results. #igstory #poll #fitnesscoach #personaltrainer #workoutroutine
12	REEL	**"Day in the life of a personal trainer (6am–8pm)"** Time-lapse of your actual day: early sessions, programming time, client check-ins. Humanizes your brand. Shows work ethic. #dayinthelife #personaltrainerlife #fitnessbusiness #coachlife #gymlife
13	CAROUSEL	**"My client [Name] added 40lbs to her deadlift in 8 weeks — here's exactly how"** Before/after progress data (with permission). Programming breakdown. Client quote. One of the highest-converting content types for leads. #clienttransformation #progresspics #deadlift #personaltrainer #resultscoach
14	STORY	**"Q&A: Ask me anything about training — I'll answer all today"** Use the Question sticker. Respond to each in Stories. Screenshot best Q&As for a carousel later. Drives DMs and discovery. #QandA #askmeAnything #fitnesscoach #personaltrainer #gymquestions
15	REEL	**"Expectation vs Reality: Training with a personal trainer"** Funny/relatable format showing what people think PT is vs what it actually looks like. Drives shares + comments. Tag a friend CTA. #expectationvsreality #personaltrainerhumor #gymhumor #fitnesscoach #relateable
16	STATIC	**"Controversial take: Most beginners should NOT train to failure"** State your take boldly. Back it up with 2–3 reasons in the caption. Ask followers to share their opinion in comments. Debate = reach. #hottake #trainingphilosophy #beginnertraining #fitnesscoach #strengthtraining
17	STORY	**"This week's client win 🔥 [photo/video with permission]"** Weekly series. Short caption on what they achieved. Tag them (with permission). Creates social proof + keeps your audience invested. #clientwin #personaltrainer #progress #motivation #fitnesscoach
18	CAROUSEL	**"My training journey: where I started vs where I am now"** Personal story format. Your own before/during/after. Share struggles, turning points, key lessons. Builds deep connection and trust. #myjourney #personaltrainer #fitnessmotivation #trainerstory #authentic
19	REEL	**"Rate my client's squat 1–10 👇"** Share a clip (with client permission) of a training milestone or improved form. Ask audience to rate and drop tips. Massive comment bait. #squatcheck #formcheck #personaltrainer #squatdepth #clientprogress
20	STORY	**"This or That: Barbell squat vs Leg press — which do you prefer?"** Swipe-up poll with image for each option. DM voters a 3-tip follow-up on whichever they chose. Great for warm list-building. #thisorthat #squatday #legpress #igpoll #fitnesscoach

Promotional Content

Convert warm followers into paying clients. Done right, promotional posts feel valuable — not pushy.

21	REEL	**"Free 7-day workout challenge starts Monday — comment CHALLENGE to join"** Low-barrier CTA. Creates an email/DM list. Drive comments to beat algorithm. Deliver via Stories or DM sequence. #workoutchallenge #freeworkout #fitnesscoach #fitnesschallenge #personaltrainer
22	CAROUSEL	**"What my online clients get every week (full breakdown)"** Transparency post: weekly check-in, custom program updates, form feedback, messaging support. Shows value before they buy. #onlinecoaching #onlinept #onlinepersonaltrainer #coachingservices #fitnesscoach
23	STATIC	**"⭐⭐⭐⭐⭐ [Client Name] after 12 weeks of online coaching"** Screenshot or styled graphic of client testimonial. Add 1–2 specific results. DM CTA for people who want similar results. #testimonial #clientresults #personaltrainer #onlinecoaching #fitnessgoals
24	REEL	**"Behind the scenes: how I build a client's 12-week program"** Screen-record your program builder workflow. Show assessment → exercise selection → progressive overload plan. Builds credibility + desire. #behindthescenes #programdesign #personaltrainer #onlinecoach #fitnessprogram
25	STORY	**"I have 2 spots left for online coaching this month — swipe up to apply"** Scarcity-based Story. Link to intake form or DM. Repeat for 3 days. Always works better with a deadline or limited spots framing. #onlinecoaching #personaltrainer #limitedspots #applytocoach #fitnesscoach
26	CAROUSEL	**"The difference between my clients and people who train alone for years"** Side-by-side comparison of outcomes, structure, accountability, and rate of progress. Closes with "Which would you rather be?" #personaltrainer #coachingmatters #accountability #resultscoach #onlinept
27	REEL	**"What I wish I knew before I hired my first coach"** Story-led Reel about YOUR experience as a client first. Lessons learned. Naturally leads into why you do what you do. Soft promo. #mycoachingjourney #personaltrainer #coachingworks #fitnesslife #strengthcoach
28	CAROUSEL	**"Here's what's included in my [Tier] coaching package (no fluff)"** Slide-by-slide package breakdown. Be specific: weekly touchpoints, turnaround times, what clients get. Transparent sells better than vague. #coachingpackage #onlinecoaching #personaltrainer #coachingprogram #fitnessbusiness
29	REEL	**"3 reasons people fail to get results without a coach"** Accountability, programming knowledge, and objective feedback. Each point builds the case for working with you. End: "DM me RESULTS." #whyyouneedacoach #personaltrainer #gymresults #fitnesscoach #accountability
30	CAROUSEL	**"How I took [Client] from gym-shy to setting a PR in 10 weeks"** Full story arc: where they started, roadblocks faced, milestones hit, final result. Strong narrative = strong conversion. CTA at end. #clientstory #personalrecord #personaltrainer #transformationstory #coachingworks
